

Uke n Sing

Ukulele: Going electric!

Open up a whole new world of uke exploration in this workshop, led by **Max Maxwell**. The fee includes a clip on pickup so you can plug any uke in. I'll show you how to connect and use amplifiers and special effects pedals with your uke and/or microphone. Demonstrate different amps and mixers (for multiple instruments), show a typical busking setup and show how you can go mains independent with rechargeable batteries.

You'll get a chance to try the gear for yourself.

Choir leader and instrumentalist, Max Maxwell, brings his passion for music to many pursuits: He founded and leads the **SingForJoy** choir and **Uke N Sing** groups in Pt Chev and has mucked about with guitar, piano, ukulele, flute, marimba, djembe and other

instruments since he was a wee one in Scotland. His passion lies in bringing people together to create harmony, rhythm and community through music.

"It was one of the best workshop days I have been to. Max is a wonderful teacher and had the whole uke group singing and playing together in harmony, after a very short time". Christine Donehue

- Venue:** Waterview
Address on registration
